

## **PETER CHRISTENSEN HEALTH CENTER**

***For Immediate Release – June 20, 2024***

We are continuing to focus efforts on recovery in the aftermath of the recent cybersecurity incident. We are moving closer to full restoration of services, and have regained use of the PCHC phone system. Individuals needing assistance may once again call PCHC at our regular number, **715-588-3371**.

Previous information released indicated a series of cellular phone numbers to reach PCHC departments and staff. While those numbers will continue to work during this transition phase, **the cellular numbers will no longer be available after June 28, 2024.**

**Other phone numbers back in usage include:**

**PCHC Pharmacy: 715-588-2131**

**Family Resource Center: 715-588-1511**

*Once again, we extend our heartfelt thanks for your patience and understanding at this difficult time. We sincerely apologize for the inconvenience caused by this unforeseen cyber security incident. Please know that we are doing everything we can to ensure that full health care services are resumed as quickly as possible. We will continue to update you.*
